

Day 2

How Do I Plug into the Creating Wealth from Home™ System and Start Making Money?

Tuesday Night: 10 pm ET/918-222-7003 Pass Code 4305#
30 Minute Training/Followed by 30 Minute Live Q & A
(Or recorded training is available on your www.maximumsuccess.com website)

There is a saying in Creating Wealth From Home™ that where you are 5 years from now will depend on the books you read and the people you associate with. Success leaves clues. One of the biggest clues to early success is to stay plugged into training calls on a consistent basis and associate with, and learn from, the top-producers. For your first 30 days, we recommend you listen over and over to at least one of the suggested calls or MP3 Internet recordings for the activity you are working on each day. Please don't underestimate the importance of this activity! History shows that our top money earners, without exception, are those who continually surround themselves with successful people and keep their minds focused on the activities necessary for success!

Day 2 Assignment: Get Plugged into the System

Check the box when you have completed each step.

- If you have not already done so, you should consider setting up your optional MaximumSuccess.com website* at this time by going to www.maximumsuccess.com/getstarted. *This website will become your command center for all training, data base management, recruiting and retailing activities within Creating Wealth From Home™.*
- Set up your optional www.EcoQuestintl.com website. This site is FREE for your first 30 days. You can then determine if you would like to keep it. We recommend you do, as it contains valuable corporate resources to help build your business.
- Call *Best Investments* at 1-800-704-2378, press option 2, and apply over the phone for your “control number”. Your control number is your account number with *Best Investments*, our finance company. You can use Best to finance your customers products if needed. Please call your managing partner with any questions.

Develop a Plan for Participation in Other Optional Training that Might not be Listed in This Guide.

Check the box when you have completed each step.

Step #1 Get with your managing partner and find out if they have a team call or other calls you should participate in that may not be listed in this guide. If you have no “active” managing partner, please use the “breakfast calls” instead (listed on page 53). Write these calls down here:

Step #2 After discussing the training calls with your managing partner, develop a daily plan to participate in these training calls:

Mon: _____ Tue: _____

Wed: _____ Thu: _____

Fri: _____

Day #2, Additional Tips to Help You Make Even More Money!

- There is a lot of training available to you, and it can easily seem overwhelming if you try to complete it all at once. The reality is that it's easy if you keep focused on a PLANNED schedule of daily training. You might only be able to get on 15 minutes of a particular call. The first 30 minutes of the Monday – Thursday calls are recorded. You do not have to stay for the Live Q&A at the end of the call if you are limited on time. However, *it is recommended that you do.* The key is to participate in some PLANNED, SCHEDULED call or recorded MP3 Internet or CD training so you can keep your thoughts focused on your goals in the business and have a plan for consistent action. PLEASE MAKE SURE YOU LISTEN TO ALL THE CALLS ABOVE OR THEIR RECORDINGS, and check off as soon as you are able to. The quicker you do the more success you are likely to have!
- The Breakfast Calls (listed on page 53) with Jon Bender on Tuesday and Thursday mornings are EXCELLENT, especially if you feel you need a tune up in your attitude. Consider this call if it will fit into your schedule. This call is also recorded and available on MP3 and can be found on the call schedule located in your maximumsuccess.com website.
- It is important that you attend a compensation plan training call so you understand how you get paid and how the compensation plan works (listed on Page 52). At first glance the compensation plan can seem a little complicated for some, but don't worry because just like riding a bike it is very easy once you understand and learn how it works.

Note: A quick briefing on the Compensation Plan can be found on page 47 of this training guide.

**Although getting a maximumsuccess.com website is not mandatory, many of the training methods suggested in this workbook are accessible through that website. We encourage you to consider getting a website and using it as a tool for education AND promotion as you share the technology and build your business. The Executive Plan is the most popular choice among successful dealers, as it not only includes a powerful recruiting site, but also an educational and product retail site. Note: This is a month-to-month program and there are no long-term contracts to sign. You can cancel the website at any time. Again, if you would like to get your own site go to: www.maximumsuccess.com/getstarted*
